

# Case Study: American Sprinkler Repair

## The Problem

American Sprinkler Repair depends heavily on word of mouth to build their company. When beginning with SurveyLocal American Sprinkler Repair had 4 Google reviews, one of those being negative. They needed to build up positive reviews so that new customers would have no hesitation in calling American Sprinkler Repair.

## The Solution

American Sprinkler Repair's customers love the service, and SurveyLocal makes it easy for them to share their recommendations online. With over 50 Google reviews, it is easier for new customers to trust service recommendations and become loyal patrons.
